[Books] Wii Manual Eject And Brown Clips Repair

My wii, yesterday just died. As i was playing New Super Mario Bros. The DVD is still inside it, since naturally i didn't have the time to eject it. Is there any way to eject the disk, since the console won't power on? A step by step guide, if it's an easy fix, would be most appreciated.

SOLVED: How to eject dvd after wii failure? - Nintendo Wii ...

Press the Eject Button and remove the disc, then turn the Wii console off and refer to the Wii Operations Manual for help troubleshooting." I have tried to use different games and it happens every time. Created 04/08/2019 12:22 PM Edited 04/09/2019 06:53 AM. Upvote.

Nintendo Wii wont load games | Nintendo Support Forums

My brother was playing a Gamecube game with the Wii, then turned it off. Then a little later he tried to play again but the console wouldn't read the disk. And since it doesn't know there's a disk in it, it won't eject. My dad tried to get at the disk but he didn't want to take apart the part that had the disk because he might not be able to get it back together.

How do you manually eject a disk from a Wii? | Yahoo Answers

Wii U won't eject disc; any manual way to remove it? Question. My Wii U has lost connection to the game pad. I've tried everything from rescining to rebooting and haven't been able to reconnect it back. Worst of all, there is a disc inside, but I can't eject it! Is there any way to manually get it out? I have no warranty, so sending it for ...

Wii U won't eject disc; any manual way to remove it? : wiiu

Eject the disc, unplug your wii and allow it some time to cool down. Turn your Wii on, then put the disc in and give it a minute to load before clicking on the game itself. 9 years ago

Error Occurred. Press the Eject button and remove the disc ...

Open the Wii up and remove the disc drive. Now open the disc drive casing and check for any foreign objects in it (e.g. coins, bugs, plastic etc). Next, clean the disc drive with compressed air and also clean the laser lens. To do this, first spray it with compressed air to remove any large build ups of dust etc.
