Woodentimes is despite COVID-19 very much open for business. Since 15. Sept. DHL domestic is once again accepting parcels to non-European destinations, however the service is restricted to sea freight but according to DHL should take no more than 30 days, but no guarantees.

Woodentimes

Unlike metal clocks, wooden-gear clocks need very little cosmetic upkeep or oiling. Since most wooden-gear clocks are exposed, treating the wood with oil will just attract dirt and dust into the clock and gum up the moving parts. Instead of using oil, use a dust rag, fine steel wool, or sand paper to wipe dust and debris.
