Edit. Xeno is a Japanese science fiction video game meta series created by Tetsuya Takahashi. The first entry was developed by SquareSoft, and subsequent entries have been developed by Monolith Soft, a company founded by Takahashi after he left Square in 1999. While the various games have no direct story connections, they have common thematic links and all sport the " Xeno " prefix, which Takahashi has variously described as a means of identifying his games and a symbolic representation of ...
