One of the leading causes of a yellow discharge is the presence of an imbalance pH in your vagina. Baking soda assists in leveling these pH levels. It also comes in handy when you realize that a foul smelling odor accompanies the discharge. Measure two tablespoons of baking soda and place them in a cup of water.

Yellow Discharge After Period - Causes & When to See a ...

Okay , so I've made multiple posts here about yellow discharge and what could be the cause. I am free of STDs, got checked for BV and Trich yesterday, apparently am negative for both. Since then, I had been putting toilet paper down in my underwear to track the coloring on my discharge . It always appeared yellow for almost 2 months now.

Yellow vaginal discharge on toilet paper?

Yellow Discharge. Yellow discharge is abnormal discharge, as this is a sign of a bacterial infection or sexually transmitted infection. There also may be an odor associated with it. Brown Discharge. Brown discharge may be caused by irregular period cycles. If brown discharge keeps appearing, a patient should schedule an appointment with a provider to be evaluated.
