Some students spend their first two years at a community college, earning an associate degree, and some states will then allow students to transfer to a university as a junior. Whether you take them at a community college or four-year college, knowing the general coursework needed in the first two years will help you plan your education.

After all, the hiring manager will probably want someone who'll be happy and competent in that role for at least a year or two. Integrating a clear rationale into your answer about how your interests and skills equip you to do the role can help to alleviate any concerns about how long you'll want to stay in the job.
